## TERMS and CONDITIONS

Terms of sale are cash, settlements to be made at the yard offices directly following sale.

Although this is a complete dispersal, all females reported as bred at time of sale, will be sold on following basis — if any female returns to service within 6 weeks following sale then the purchaser is requested to sell the animal for slaughter on local market and seller will refund difference up to total purchase price in this sale. OTHERWISE all cattle will be sold as they appear in the ring and without further guarantee or warranty. Attention will be called to any known or observed defects but without obligation on any points overlooked.

Health and brand clearances will be issued to permit movement of animals to any destination.

Registration certificates will be transferred by the sellers to the purchasers on association records, following sale.

Special offer! . . . Free transportation to any central point within 500 miles on groups of 10 head or more, whether combined or single purchaser. . . All transportation and care at complete responsibility of purchaser.

All animals will become the responsibility of the purchaser from time declared sold. Cattle will be cared for until following day or even longer period by special arrangement with the seller by the purchaser.

Buyers are invited to attend the Lakeview-Mains sale Saturday, December 16 at Spokane. Those interested in combining shipments from the two sales may leave their cattle over if desired.

Moses Lake Livestock Auction, Si Williams Sales Management, their owners, employees and assistants are acting only as sale representatives of the sellers and are without further responsibility, legal or otherwise.

DEAR FRIENDS . . .

The decision to disperse the cattle was not an easy one to make, as we really do not wish to go entirely out of the business.

With my son off to college and my father wishing to slow down a bit, we find it increasingly difficult to give the cattle the attention and care they need and deserve, and still carry on our farming operation.

We would have preferred to retain a few of the best cows, but we realize this is impossible to do and still have a satisfactory sale. All of the cattle will be placed on sale with the only reservation being that each of my three children be allowed to bid and buy one animal.

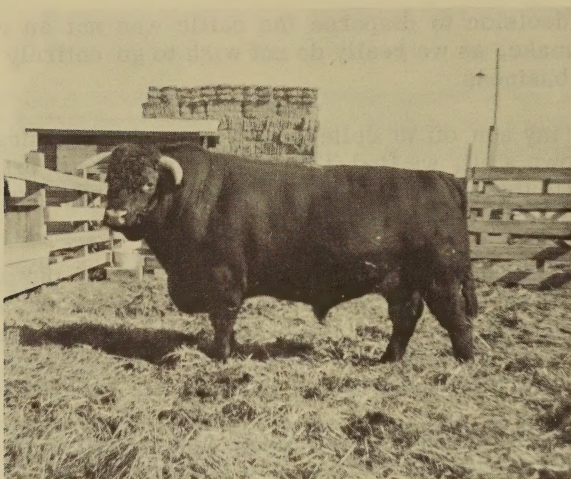

The herd has been gone through and a number of the cattle that we felt were not good enough to offer to the public for various reasons were sent to market. A few more may go before sale time.

We have made many new friends in the Inland Empire and throughout both the United States and Canada through our association with Shorthorns. We value these friendships highly and hope to continue them.

To continue our breeding program and as a mating on daughters of WL Sweepstakes, we purchased Louada Picador to concentrate the blood of Bapton Constructor, his \$50,000 sire in our herd. His dam Louada Princess Royal sold for \$2500.00 in one of the Louada sales and a full brother, Louada Pandean sold to KC Farms for \$7,000.00. John Shuman once owned this bull and said "if you need size and good heads in your herd this is the bull that will do it. Having had a leg injury from which he has not completely recovered and having sold one-third interest to Lakeview Ranch we are offering at private treaty a one-third interest and right to collect semen at your convenience.
